

# Silicon Dragon - an inside Story to the top 12 successful Entrepreneurs in China Wednesday June 4, 2008

Chamber of Commerce International  
Consortium for Entrepreneurs

**Presenting Rebecca A. Fannin** the International Editor for the Hong Kong-based *Asian Venture Capital Journal* and the author of the well-received book, *Silicon Dragon – How China is Winning the Tech Race* (McGraw-Hill, 2008).

Meet the writer who interviewed and profiled more than a dozen of China's most successful China Entrepreneurs and their Investors from people like **Jack Ma** founder of **Alibaba**,

**Robin Li** founder of **Baidu**, **Peggy Yu Yu** co-founder of **Dangdang**, **John Zhang** founder of **ChinaCars** and others.

Join us to hear:

- The inside stories of what made China's Technology CEO's successful.
- How these CEO's envision their company is going to continue to grow and dominate the markets in Asia & around the world.
- Who are the new innovators in China & how they will revolutionize the future of technology.
- The opinion of the American Venture Capitalist who are searching for deals that will bring the next new thing!!
- A bet on who will be the next Steve Jobs... The Dragon is breathing fire!!!!
